

Table S2 Treatments applied to tea plants

Treatment	Days 1–7	Days 8–10	Day 11
Control	Room temperature and water spray	H₂O	Samples collected
MeJA	Room temperature and water spray	100 µM MeJA	Samples collected
ABA	Room temperature and water spray	150 µM ABA	Samples collected
Cold	Room temperature and water spray	4°C cold stress	Samples collected
Drought	Room temperature and water spray	Drought stress (no watering)	Samples collected
MeJA + cold	Room temperature and water spray	100 µM MeJA and 4°C cold stress	Samples collected
ABA + drought	Room temperature and water spray	150 µM ABA and drought stress	Samples collected
