

Table S5: Statistical analysis results of the effect of height on *Adansonia digitata* seedlings diameter as a function of days after transplanting (DAT).

Sampling height	Diameter			
	0 DAT	30 DAT	60 DAT	90 DAT
H10	4.60a	6.57a	8.81a	10.75a
H20	3.49b	5.23b	7.40b	8.59b
<i>Pvalue</i>	1.90E-14	2.30E-09	2.92E-05	1.33E-06

Numbers with the same letters are not statistically different at $P = 0.05$.
