

**Table S2.** Physiological and biochemical properties of test proteins. CDS, coding sequence; MW, molecular weight of the amino acid sequence; GRAVY, grand average of hydropathicity; pI, theoretical isoelectric point.

Gene	CDS	Amino acids	MW(kDa)	GRAVY	pI	Instability index	Aliphatic index
MbbHLH93	1428	498	54.22	-0.482	5.23	59.89	71.12
