

Supplementary Table S1. Count the number of genes introduced into pollen tubes.

	Number of pollen tubes in view	Number of fluorescent pollen tubes	Ratio (%)
	6	3	
	6	4	
	4	2	
	7	2	
	3	1	
	5	2	
	5	1	
Total	36	15	41.7

Note: Randomly take 10 μ L of pollen tube solution from a centrifuge tube and drop it onto a glass slide. Take photos under a fluorescence microscope and count the number of pollen tubes.
