

**Figure S5. Expression analysis of *CdNF-YA-1A1*, *CdNY-YB-7B2* and *CdNF-YC-1A2* genes under heat stress treatment**

A) Photograph of bermudagrass plants under heat stress treatment. RT-qPCR analysis of B) *CdNF-YA-1A1*, C) *CdNY-YB-7B2* and D) *CdNF-YC-1A2* expression under heat stress treatment. Error bars represent SE. Different letters indicate significant differences determined by Tukey's multiple comparison test.
