

Supplementary Table 13. The statistics of homologous blocks and collinear gene pairs

The reference species	The compared species	Number of homologous blocks	Number of collinear gene pairs
<i>Nasturtium officinale</i>	<i>Nasturtium officinale</i>	127	14,366
	<i>Aethionema arabicum</i>	21	716
	<i>Arabidopsis thaliana</i>	376	31,500
