

## Golden Delicious

## Red Delicious

**Supplemental Figure 3.** Correlation analysis between wax amounts and fruit cuticular gloss during growth and development of two apple cultivars. Data were analyzed using Pearson's correlation coefficients. (a-c) represent 'Golden Delicious' Angle 20°, Angle 60° and Angle 85°, respectively. (d-f) represent 'Red Delicious' Angle 20°, Angle 60° and Angle 85°, respectively.
